

# PARENT ADVISORY COUNCIL

The Parent Advisory Council (PAC) is a parent committee that was established to strengthen the link between the school and parent body.

The PAC supports the school through ground level communication, sharing of information and suggestions, directing of queries through appropriate channels, fundraising initiatives and other activities where the school relies on assistance from parents, all contributing to the positive spirit and ethos of our school.

The PAC forms an integral part of the close-knit community that we have come to appreciate at De La Salle Holy Cross College. Their contributions also include the managing of the Care Committee which aids parents in need, the welcoming of new families into the community, the promotion of Transformation, Diversity and Inclusion, School Ethos, Outreach initiatives, Marketing and Environmental Affairs amongst others.

We would like to emphasise that the PAC is very much a WORKING group, which exists to contribute effectively to our Ethos and positive spirit of the College. It is an advisory council which has been established to meet specific objectives and will not be involved in matters that are the direct responsibility of the Owners, the Trustees or the Board of Governors and are not involved in the day-to-day management of the school.

Please feel free to reach out to any of the committee members regarding their respective portfolios.

## **WELLNESS**

Support parents and pupils on mental, physical and spiritual health

## **ENVIRONMENTAL**

Develop Environmental projects such as paper and e-waste recycling

## **FUNDRAISING**

Assist the school led fundraising initiatives as well as to drive the Dischem & My School Card programmes

## **ETHOS**

Engage within the school led Ethos Committee around Liturgy, Religious Education, Lasallian and Holy Cross news

## **OUTREACH**

Support school outreach initiatives which include food and supplies to less fortunate communities

## **MARKETING & COMMUNICATION**

Marketing of all PAC activities – working with the school for better communication

## **CARE**

Support families at the school who are in crisis – food parcels, hot meals etc.

## **COMMUNITY ENGAGEMENT**

Assist parents and the school community to get more involved in school initiatives and welcoming of new families into the community
